13 January 2016

Dear Dan

Please would you convey to the members of the LOC the heartfelt thanks of the Trustees of Bradford and Airedale Eyesight Trust for the generous donation of £5,000. This has been put towards the purchase of an Optos retinal imaging camera, which will be an invaluable tool in the management and monitoring of our diabetic and retinal patients. Since our patients are also your patients as primary care optometrists, we are sure you will agree this enhanced imaging capability is of great benefit to the Bradford and Airedale community.

Your donation also underlines the good relationship we have enjoyed over many years between the Hospital Eye Service and community optometry. We are keen to do all we can to ensure this continues for many years to come.

Yours sincerely,

Mr J Bradbury  
Trustee

Mr P Atkinson  
Trustee

Miss H Devonport  
Trustee

Mr N Litvin  
Trustee

(signed on behalf of all the Trustees of BAET)
